Dear Anglea McCown, Director of Victim Services Division:

I know Mandi McWharter's fraternal grandparents. They live in Bridgeport, which is 48 miles north of Brock. I was stunned at the terrible accident that took Mandi's life. My own daughter, Autumn, was the same age as Mandi. The McWharter's spirit changed the day Mandi died. Before the accident, they were happy, outgoing, productive, and running an insurance company in Bridgeport. After the accident, Mr. McWharter spent much of his time speaking to high school classes about the dangers of driving and drinking. Mrs. McWharter became very depressed.

Please deny parole to Ricky Carter. He destroyed more than four lives. Both the grandparents and the Bridgeport community still feel the horrible loss of Mandi McWharter.

Respectfully,

Mary Ray (formerly from Bridgeport)
